ABSORGE[®]

No liquid water

... for Containers

ABSORGE[®] -hanging- is a simple and safe product in the form of a gel pad. It is based on the proven ability of Calcium Chloride to aggressively remove moisture from the air. The ABSORGE will start to activate once removed from its sealed package. It can hang within the corrugated recess of the container side panel or be placed horizontally on top of the cargo.

Active agent: Calcium Chloride (CaCl₂) Cas-Nr. 10043-52-4. Adhesive agent: modified starch.
The Calcium Chloride is nontoxic, non flammable and environmentally friendly.

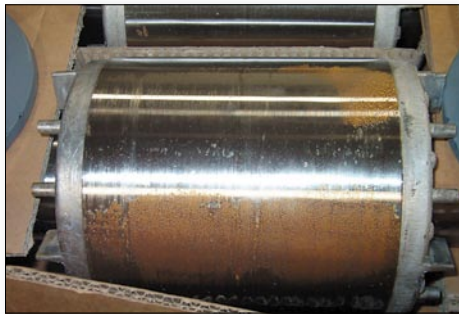

Loads with minimal available free space

suitable for:

- Fresh and canned food products, cased or boxed, trays
- Steel, machinery
- Furniture, paper, leather, timber products etc
